

# Soft water shouldn't be hard.

Introducing the Culligan® Aquasential®  
Water Softeners & Conditioners.

**Culligan**™  
Water you love.®

# Sparkling dishes. Brighter laundry. Happier homes.

**If you have hard water, your home might be feeling the effects more than you realize.**

That's because your appliances are working harder than they need to, your dishes are covered with a thin film, and your skin and laundry aren't as soft as they should be.

**But the good news is, soft water isn't hard.**

Aquasential® Water Softeners and Conditioners offer a variety of features to meet the needs of your home, family, and water.

Choose from options like Wi-Fi connectivity, on-demand regeneration, or salt-free conditioning

# Experience the benefits of soft water.

## Better laundry

Vibrant colors, cleaner whites, and fluffier, more absorbent towels.

## Easier cleaning

Enjoy softer hair and skin, use less soap and shampoo, and spend less time scrubbing bathtubs, fixtures, shower stalls and glass.

## Sparkling dishes

Washed by hand or in the dishwasher, your glassware comes out spot-free, and your dishes, flatware, pots and pans come out clean and shiny.

## Saves Money

Spend less on soaps, detergents, lotions, electricity and gas for your water heater and dramatically extend the life of your water-using appliances.

# Soft water saves money.

Your water softener doesn't only give you better water, it also saves you money every time you use it. That's because a water softener makes all the things you do with water better!

You'll use less soap and detergent, your clothes will last longer, your appliances will run more efficiently, and that's just the start. With an Aquasential® Water Softener, you get soft water today, and savings every day.

And because all of our products are backed by industry-leading warranties, a 100% Satisfaction Guarantee, and a network of professionally-trained technicians, you can trust that they'll be ready when you need them.

# 24%

energy savings

by using softened cool water to wash clothes<sup>1</sup>

# 50%

reduced detergent costs

when washing laundry, hair, and body in soft water<sup>2</sup>
