

HE SOFTENER-CLEER

High-Efficiency Water Conditioner

EXPERIENCE THE DIFFERENCE CULLIGAN CAN MAKE.

CULLIGAN® HE SOFTENER-CLEER

High-Efficiency Water Conditioner

The Smartest Way To Fix Hard Water, Iron and Odor Problems

You shouldn't have to think about water... But you should, as water can be so harsh. Hard water and iron in your water can cause unpleasant taste and odors, stains on clothes, fixtures and dishes. Hardness and iron form a scale that makes water heaters and other water-using appliances work harder in addition to clogging shower heads. Fortunately there is a solution... the Culligan HE Softener-Cleer. This smart technology thinks for you.

LIFE IMPROVEMENTS

BRIGHTER WASH

EASIER CLEANING

CLEAR DRINKING WATER

NO ODOR

Control Your Softener from Anywhere in the House

Minimize trips to the basement or garage with our remote display. It warns of any problems and gives you push-button control over functions—like activating the electronic bypass valve to water your lawn.

Always know how long your salt will last

Culligan® HE Softener-Cleer will tell you exactly how many days remain until you run out of salt, and when you need to refill.

COST SAVINGS

Culligan's exclusive patented technologies reduces operating costs by optimizing salt usage, water and electricity consumption.

You can experience time and money savings by

- Using less soap, shampoo and detergents
- Lower water heating bills
- Easier household cleaning
- Prevents rust stains and/or black spots on laundry and fixtures
- Prevents pipe damage from deposit build up

SYSTEM BENEFITS

	CULLIGAN HE SOFTENER-CLEER	COMPETITORS
Remote by-pass valve	•	
Real time status updates	•	
Interactive remote control	•	

Culligan HE Softener-Cleer PLUS

In addition to reducing hardness and iron, the Culligan® HE Softener-Cleer Plus stops that "Rotten Egg Odor" — Hydrogen Sulfide. Hydrogen sulfide can leave black stains on your laundry and bathroom fixtures. Even worse, it can cause damage to your pipes leading to costly repairs.

Smart Technology

Smart technology means you get "set it and forget it" convenience. Absolutely no cartridges to change or clean. With an optional modem, Culligan HE Softener-Cleer will even alert your Culligan dealer if salt is needed or your softener needs service so the dealer can arrange a service call before you even know there is an issue!

HEY CULLIGAN MAN!

At Culligan, we've been committed to providing superior water treatment products for over 75 years. Our units offer state-of-the-art electronic controls, innovative valve design, and are tested to the highest standard. Just as important, they're supported by your Culligan Man®, a local water expert. Your Culligan dealer makes your decision easy as we can provide salt delivery, filter and media changes, rentals and financing options.

Dealer participation may vary.

PRODUCT SPECIFICATIONS

Patented Smart Technology

- Automatic bypass valve provides the convenience of bypassing the water softener from the softener itself or the remote display.
- Exclusive Culligan Soft-Minder® meter monitors daily water use and provides advanced system diagnostics.
- The easy-to-read back-lit display with digital clock lets you know your softener is working and warns of system malfunctions.
- Our optional smart brine tank automatically monitors salt levels and tells you how many days of salt are remaining.
- Optional remote display makes it possible to control and monitor the softener from virtually anywhere in the home†.
- Optional modem can alert Culligan dealership if salt is needed or softener needs service.

Unique Media Cleaner

Designed to clean media pores of iron, manganese, silt, metal particles, and organic compounds that cause conditioner inefficiencies.

Culligan Chlorine Generator

Produces chlorine that will reduce trace amounts of Iron Reducing Bacteria and Sulfur Reducing Bacteria.

†Requires 120 VAC
